

Camp Jabez on the Cumberland 2024 Internship Program

Welcome to Camp Jabez on the Cumberland

Thank you for considering the Camp Jabez on the Cumberland Internship program for 2024.

We are so pleased that you would think about spending your summer here with us this year. There is a lot to do, learning, planning, and working to provide people with an enjoyable opportunity to come closer to God while having a lot of fun.

To truly enjoy your time here it is necessary that you want to serve and love others.

Galations 5:13 tells us “For you, brethren, have been called to liberty; only do not use liberty as an opportunity for the flesh, but through love serve one another.”

1 John 3:18 says “Dear children, let’s not merely say that we love each other; let us show the truth by our actions.

I pray that the weeks you spend here this year are as powerful and joyful to you as it will be for those you have the opportunity to influence.

Steve and Denise Gendrolis
Ron and Louise Campton
Executive Directors

Program Overview

At Camp Jabez on the Cumberland we want our internship program to serve two purpose. One purpose is to provide needed staff for the summer camps and guest groups. The other purpose is to provide an opportunity for interns to learn and grow from all the different activities that you as a team will help research, plan, prepare, and execute in this program.

Some of the activities you will be involved in include but are not limited to:

- Much of the planning, preparations, and execution of the 2 weeks of summer camp
- Meal preparation
- Cleaning before and after groups
- Assisting when we have guest groups on site
- Training and certification on the ziplines and giant swing
- Optional lifeguard certification
- Grounds keeping
- Helping us find counselors, volunteers, and helpers
- Contacting people on our long list of Angel Tree kids
- Etc., Etc., Etc.

These activities along with dedicated time for bible studies, devotions, prayer, and just plain fun should provide any intern with a well-rounded experience.

Program Details

Program Weeks

The program will start Monday June 3rd 2024 and run 9 weeks ending August 2nd 2024.

Work Hours

The actual days on site each week will vary during the summer depending on guest groups and other scheduled activities. As the time gets closer and camps get booked we will make a schedule to reference. We ask each intern to be flexible when possible as needs often vary. Each intern will be given 2 days off most weeks. The intern can decide for themselves if he/she wants to stay on site or go home for the weekend. During the work week we want the interns to stay on site as this will help them to bond together as a team. Camp Jabez can be somewhat flexible for interns that need to have specific time off during the summer.

Accommodations

We are expecting to have 2 male and 2 female interns. You will be sharing a space with the other intern of your gender. There is a cabin and a bunkhouse, one for each team of interns. In each space there will be at least a small refrigerator, microwave, and coffee maker. Internet access will be available with some limited streaming television available. There may be times during the summer that you will need to change locations depending on the needs of the camp at that time.

Meals

Much of the time meals will be provided along with the meals we prepare for the guests, other times you may need to prepare the meals for yourselves with the food we have available in the kitchen. We will not let you go hungry and we will work with you to try and have what you want to eat.

Transportation

You are responsible for your own travel to and from camp. When there are groups at the camp you may not use your personal vehicles for travel around the camp. When there are no groups you may use your vehicle if you choose to move from area to area. There will also be limited use of a camp golf cart especially when doing grounds keeping work.
